

Make folded cards to leave behind with your random acts of kindness.

Print on card stock for sturdier results.

1. Decorate, color on this side.
2. write a nice message on the other side (blank side) of the cards. It could be a nice quote you share, a personal note, or a request asking the next person to pass it forward.
3. Cut the shape.
4. Fold on dotted lines and leave behind.
